

From the Organising Committee of the **International Congress on Rail Transport Technology**, we would like to remind you that the period for submitting scientific papers is still open. For that reason we want to summarize the key points for submitting papers, in order to facilitate your participation into the **ICRT2011**.

SCIENTIF PAPERS

ICRT2011 brings you the opportunity to show the latest international researched and technical developments related with the railway sector. The scientific themes that will be covered are:

Area 01: Railway Installations

Area 02: Rolling Stock

Area 03: Railway Operation

Area 04: Railway Policies, Legislation and Regulations

IMPORTANT DATES

14 April:Deadline for Submission extended abstract. (New date)

25-26 April:Notification of acceptance. (New date)

31 May:Deadline for Submission full paper.

3 June:Deadline for paying the registration fee.

June, 13-16: Congress.

HOW TO SUBMIT A SCIENTIFIC PAPER?

Before 14 April you have to send to rspain@unizar.es <<mailto:rspain@unizar.es>>the extended abstract according to the extended abstract format that you can find in railspain.unizar.es <<http://railspain.unizar.es/>>. Between 25-29 April you will receive the acceptance notification from the Scientific Committee. In case your paper has been accepted, you must send the full paper before 31 May. With all the extended abstract ICRT will do a book of abstract (The book will be the same as the book of conference) and the full papers will be available in electronic format. Book of abstract and the congress pen-drive will be given during the Congress.

The Rail Spain team is looking forward meeting you soon, in Zaragoza.
