

Dear Colleague,

On behalf of the Conference Organizing Committee, I would like to inform you of the:

SECOND INTERNATIONAL CONFERENCE ON SCIENCE IN SOCIETY

Carlos III University

Madrid, Spain

11-13 November 2010

www.ScienceinSocietyConference.com

This conference addresses the social impacts, values, pedagogies, politics and economics of science. It is an inclusive forum that welcomes a breadth of perspectives on science from practitioners, teachers and researchers representing a wide range of academic disciplines.

The Science in Society Conference is held annually in different locations around the world. The Conference was inaugurated in 2009 at Cambridge University, Cambridge, UK. We are pleased to hold this year's conference at Carlos III University in Madrid, Spain.

In addition to Plenary Presentations from leading speakers in the field, the Science in Society Conference includes parallel presentations by practitioners, teachers and researchers. We invite you to respond to the conference Call-for-Papers. Presenters submit their written papers for publication in the peer refereed "International Journal of Science in Society". If you are unable to attend the conference in person, virtual registrations are also available which allow you to submit a paper for refereeing and possible publication in the journal as well as the option of uploading a video presentation to our YouTube channel.

The deadline for the next round in the call for papers (a title and short abstract) is 11 March 2010. Future deadlines will be announced on the conference website after this date. Proposals are reviewed within two weeks of submission. Full details of the conference, including an online proposal submission form, may be found at the conference website: www.ScienceinSocietyConference.com.

In 2011 the conference will be held in Washington D.C. at American Catholic University, 5-7 August.

We look forward to receiving your proposal and hope you will be able to join us in Madrid in November.

Yours Sincerely,

Prof. Karim Gherab Martin
