

Dear Colleagues,

I am organizing the Logistics and Supply Chain Management track at the **2010 Winter Simulation Conference** that will be held **between December 5-8, 2010** in Baltimore, Maryland, USA.

We are planning a strong Logistics and Supply Chain Management track and I encourage you to submit papers for the conference.

Contributed papers need to be submitted by **April 5, 2010.** Each submission must be a 3- to 12 page paper, including an abstract of not more than 150 words. Submissions will be made through the conference website (www.wintersim.org). Every submission will be refereed.

If you are planning to submit a paper (even if this is not a firm decision), then please send me an email (ht88 AT cornell DOT edu) so that I can roughly keep track of the size of the track.

I am looking forward to seeing you in Baltimore.

Best regards,
Huseyin
